Compound: CU

Barebow Recurve - Compound:

BBR - BBC

Longbow: LB

Historical bow: HB

14-15 February 2015: the 'Eilandschutters' organize their traditional 3D-WINTERANIMAL. The site of this 3D-shoot is a wooded dune area north of the village of de Koog on the Island of Texel, the Netherlands.

Start: 0930 hrs. (both days).

Distribution of prizes: approx. 1630 hrs.

Rules: IFAA 2011-2012 rules apply to this WA2015; membership of NHB (Dutch Archery Federation) is not required.

Shooting pegs: Red (FSR,CU,BBR,BBC), Blue (LB,HB) or Yellow (Youth).

Registration: on site at the car park Paal 21 (Beach Post 21).

Route: indicated from Pontweg's right hand exit number 15 (Pijpersdijk).

At the spacious Paal 21 car park you will find all you need: parking space for all cars, tournament office, catering tent, first aid, toilet block and some practice targets.

Each team's archer A is the captain who keeps score. During registration at the tournament office, score forms are handed out to the captains who hand them in again (for their collected team) the same day at the end of the shoot.

If there are less than 5 archers in a discipline, merged teams may have to be formed.

**Fee:** Please make over your fee in advance to account number **NL54INGB0673830209** in the name of 'Eilandschutters Texel'.

On receipt your name and start number will be put in the ES-website. As in previous years TESO will refund participants 20% of their ferry tickets when handed in on registration.

**Entries must be received by 8 February 2015.**
